BURNING NIGHTS CRPS SUPPORT PAIN DIARY TEMPLATE

Note 3 – Does your pain feel – burning, sharp, dull, stabbing, deep, on the surface, tight

Note 4 - Do you feel - tired, upset, depressed, anxious, nervous, bright ...

Note 5 – Any other strategies used – this simply means did you use anything other than your regular medication. Did you perhaps use distraction techniques, relaxation, exercise, heat pack, talk to a friend or partner, meditation, any techniques used in counselling sessions, massage, rest... The list of possible strategies to try and relieve the pain is endless however these sorts of things are generally used.

Use the table below as a link to the table at the top, for extra notes or questions for Doctor (maybe put a number to correspond to each table in the extra notes box e.g. Did you have any warning signs beforehand? Did your usual medication work? How did you feel after the pain had ended? What was the weather doing? Do you have extra stress?

Date of incident	Extra notes or questions for doctor regarding pain incident
