

Participants needed!

Hi! I am a student researcher interested in interviewing children and young people about how they talk about their pain with people in their life.

If you or your child:

Are aged between 10 and 24 years old

And have ever had pain that lasts for at least 3 months

You might be able to help me with my research!

If you think you might like to take part, follow this QR code or link to find out more about the study and express your interest!
